

# MACS BV

[www.macs.eu](http://www.macs.eu)

MACS BV has broad experience implementing solutions for Maintenance Management, Asset Management and IT Service Management. Within the European market, the company works closely with partners such as IBM, CiM Maintenance and ClickSoftware. MACS also delivers professional services including consultancy, project management, customer support and training.

BIRT is used by MACS to develop custom reports or to change existing IBM Maximo reports. The reports vary from simple purchase orders to complex work-order reports.
